

RECRUITMENT ASSESSMENT “MANAGED SERVICE”

THE SOLUTION FOR LOW VOLUME/OCCASIONAL RECRUITERS

0845 8400123 sales@recruitment-assessment.co.uk

WHEN YOU SHOULD USE THIS SERVICE

- This option is ideal if you occasionally need to accurately validate candidates. You have identified a short list of candidates and need to verify that candidates actually have the skills they claim to.

WHAT WE DO FOR YOU

- We build a test to your SPECIFIC requirement, the test can comprise up to 4 different topics of your choice from the ENTIRE eSkill library. ([Search our topics](#))
- No obligation, we will build a test to your specification and refine it until you approve it!

THE PROCESS

- Candidates take the test online
- Detailed results appear immediately in your inbox where you can see:
 - The overall score
 - Score for each topic
 - See every question
 - See the correct answer & explanation
 - See how every question was answered by the candidate

You can save the candidates detailed results in PDF, Word or Excel. Share the detailed results with clients or colleagues.

Typically you can be testing candidates in less than an hour!!

AN EXAMPLE QUESTION AND ANSWER

Question #10

Correct

ID #153097

Subject **Logical Thinking**

Topic **Deductive Logic**

Level: **Beginner**

Elapsed time: **1m 5s**

Question: Which of the following statements can be accurately inferred from the statements below?

All flowers are plants.
The edelweiss is a European mountain flower.

Possible answers:

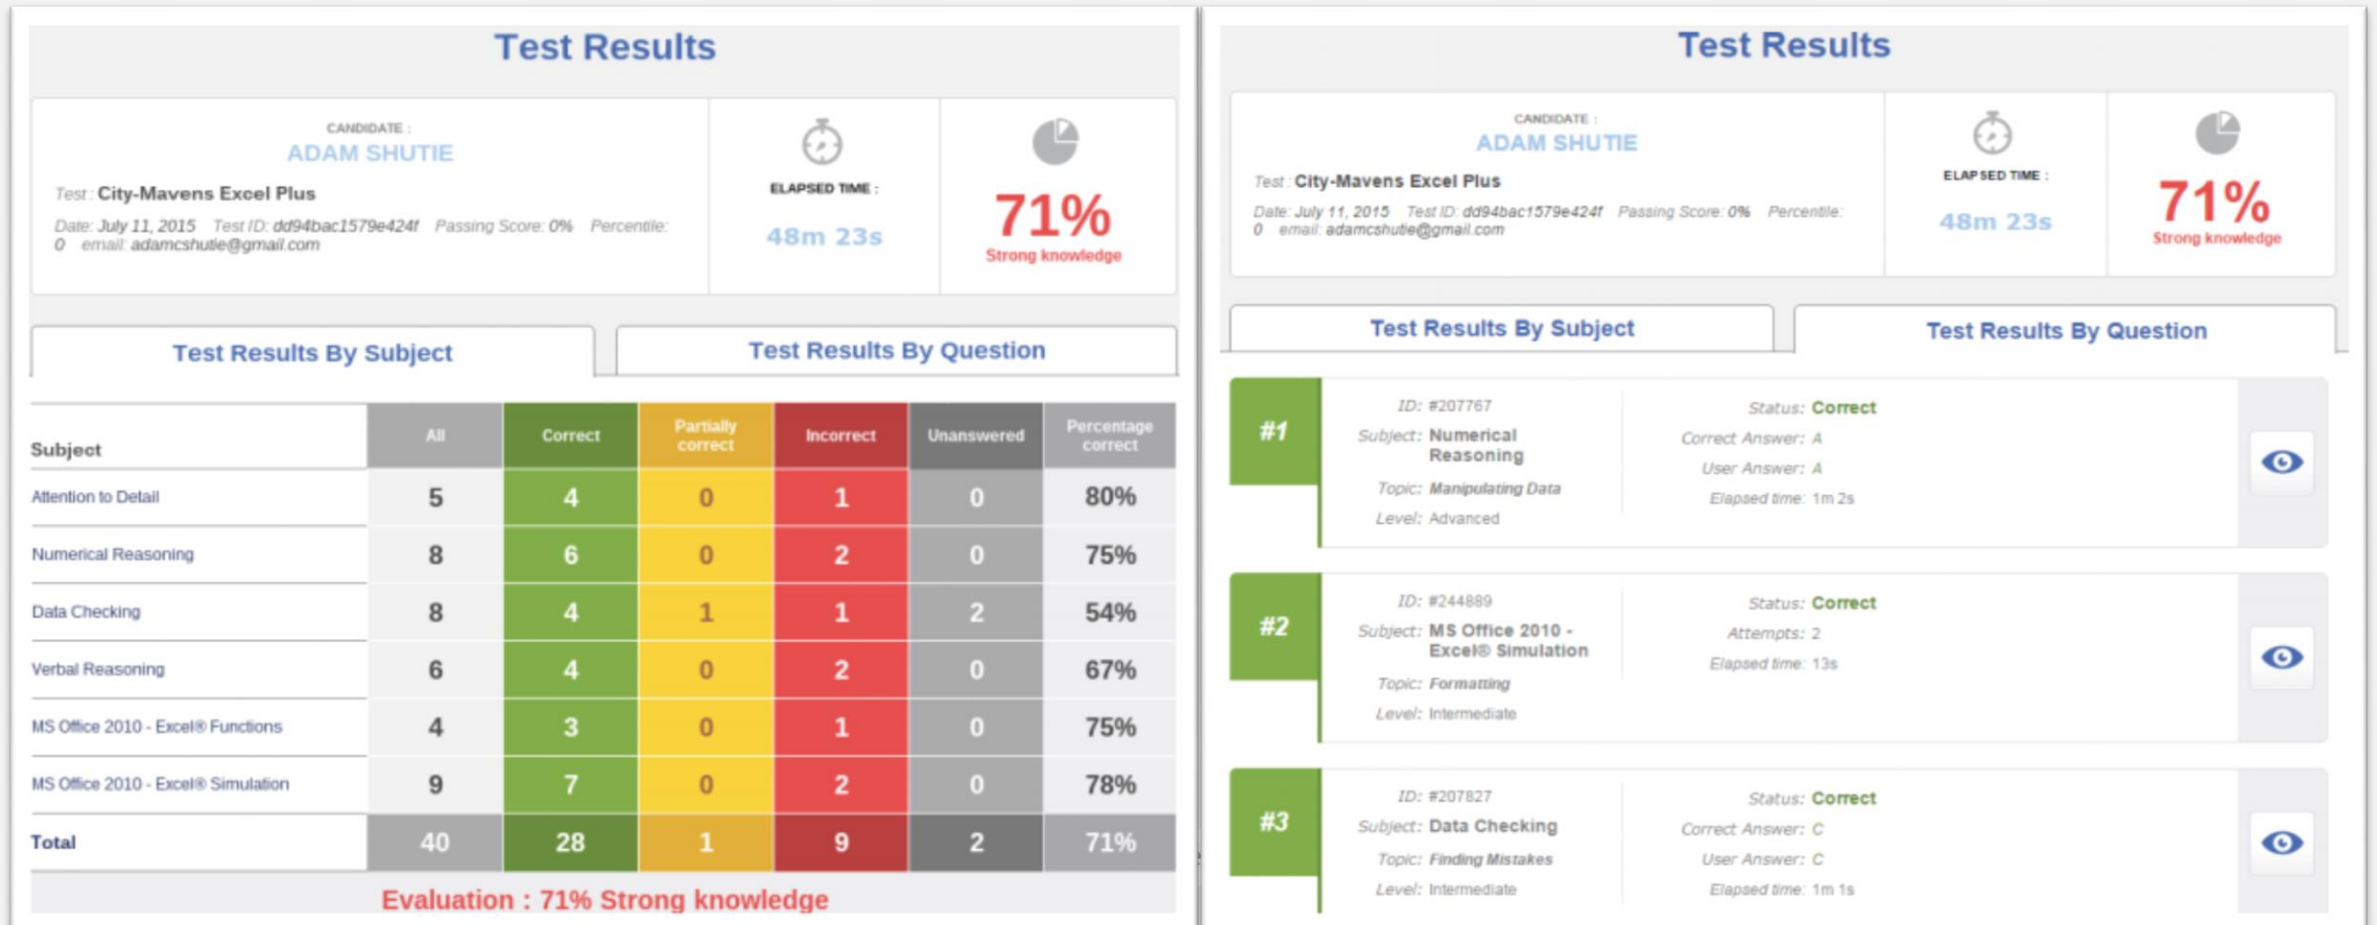

- A. The edelweiss is a plant.
- B. The edelweiss is a white flower.
- C. The edelweiss is not toxic.
- D. The edelweiss can be found in Asia.
- E. The edelweiss is a protected plant.

Correct Answer: **A**

User Answer: **A**

Explanation: Option A is correct. The conclusion which logically follows from the given statements is, "The edelweiss is a plant." This is because if the edelweiss is a kind of flower, then, according to the first statement, it must also be a plant.

TEST RESULTS

WHAT THE “MANAGED SERVICE” INCLUDES
